

I give top ratings to attorney Larry Buckfire and his law firm for the excellent work he did on a nursing home wrongful death lawsuit for my family. My sister died from a bowel obstruction that was not treated or diagnosed at the nursing home. I found Buckfire & Buckfire, P.C. on the internet and called the office. I spoke directly with Mr. Buckfire and he agreed to accept my case. He was very thorough and negotiated a great settlement without having to file a lawsuit.
